## Version 2.2.1

2010-12-26 15:25

### New in Version 2.2.1:

- **New Reference Model:** Starting with tool version number 2.2.1 the new process reference model CMMI-DEV 1.3 is being used. For appraisals based on process reference model 1.2 please use tool version 2.0.1. If needed, we supply this version free of charge combined with licensing tool version 2.2.1 oder newer.
- **Report Generator:** Adaptations for Word 2007 and 2010
